Greetings Michael,

I just want to Thank You and your daughter [Marykate] for the way you protected our family and the calmness you displayed when we are at the DA's office. The patience you had by just letting him [Ken Thompson the Brooklyn DA] blow off some steam was well played; it gave you what you needed "the opportunity" to let them understand what S.P., his family and you were feeling all this time! My brothers and my daughter talked afterwards and they said "you ain't no joke".

We spoke to S. P. and we told him what happened, and he was happy. I told him we went from not even being on the list of the "100" [murder convictions under review] to now on the top priority list. We will wait and see what unfolds, and most of all we will pray for all of us.

God Bless

L.P.
